FEDERAL AGENTS INSTRUCTED TO GO THE LIMIT IN SUPPRESSING 'RED' OUTRAGES ON MAY DAY

BLUEBEARD ADMITS HE MURDERED MANY WIVES

Was Married to "Twelve Or Fifteen, Probably More," He Confesses To Authorities.

Tries Suicide Twice And Is In Hospital in Los Angeles, California.

(By Associated Press)

Los Angeles, Cal., April 30.—At least two of the numerous women James R. Huirt is alleged to have married in various parts of the country were murdered by him, two others met "accidental" deaths while with him, and he "might have murdered more," according to an alleged confession made public today by J. M. Marmaduke, his attorney, and county officials.

Huirt said he could not remember what happened to some of the women, because of his still weakened condition resulting from two attempts to commit suicide.

Huirt lay on a cot at the county hospital as he talked.

Huirt has been held here several days while officers investigated reports of numerous marriages.

He married "twelve or fifteen women, probably more," Huirt was quoted as saying. A desire to kill obsessed him four years ago. Huirt was alleged to have said, and women were his special victims, there being no direct motive for their deaths and no desire to kill men, children or animals.

Nina Lee Deloney, killed with a hammer at Long Beach, California, and Elizabeth Pryor, who also was killed with a hammer near Plum, Washington, were the wives to whose murders the officers said he confessed.

The "partial confession," the officers said, related to the deaths of Bertha Goodrich and Alice Ludvigson. More than twenty-five marriages have been attributed by the officers to Huirt, and seven are still listed as missing.

Both Miss Goodrich and Ludvigson were drowned, the first near Seattle and the latter in Idaho.

Los Angeles, Cal., April 30.—James Huirt, who is alleged to have married about 25 women and to have confessed murdering at least two of them, will be charged with murder, and not bigamy, according to an announcement today.

Why Your Next Battery Should Be a Cooper

The Cooper Storage Battery is a replacement battery, pure and simple, and there is a good and sufficient reason why it should be your next battery. Here's the reason:

The Cooper Battery is sold on an absolute guarantee of two years of service. Twenty-four months. It has built in it what battery makers have been trying for years to get — long-life plates. The plate is the vital point in a battery. Other things may give out but are repaired with comparative ease, but when the plates are gone the battery is "shot."

If it were not for the material that goes into this battery it could not be guaranteed by the makers for so long a period, but they know and are willing to take the risk for two years. Why should you take the risk when the manufacturer will assume it? Just be fair to yourself and you will choose a Cooper.

It can be corrected but not cured. The proper lenses placed before the eyes by an Optometrist will result in making the distinct vision normal in many cases, and in improving it in every case.

Is myopia a handicap?

A decided handicap, and it should always get prompt attention.

What is "progressive myopia?"

It is a condition where the sight of a near-sighted person gradually becomes shorter, and because of the possibility of this condition arising all near-sighted children, especially, should receive the attention of an Optometrist as soon as possible.

"OH, LET'S DON'T"

People With Thin, Pale Blood Are Listless And Want to do Little

MORE RED BLOOD CELLS NEEDED

Take Pepto-Mangan, Famous Tonic, and say "Let's Go," instead of "Let's Don't"

When normally healthy, ambitious people begin to lack energy and tire easily—when they are quickly discouraged and low in vitality, it usually means their blood has grown weak.

Such people are called anemic, or "run-down." Build up the blood and you build up the health and spirits. Pepto-Mangan is a pleasant tasting red blood builder and it contains exactly the elements which poor, pale blood needs to become rich, red blood.

Red blood means rosy cheeks, bright eyes, a clear brain, a firm step. Pepto-Mangan has placed thousands of people who needed building up in the full-blooded, energetic, vigorous class. It changes the "let's don't" attitude to a "let's go" attitude. Recommended by physicians for thirty years and sold all over the world.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients.

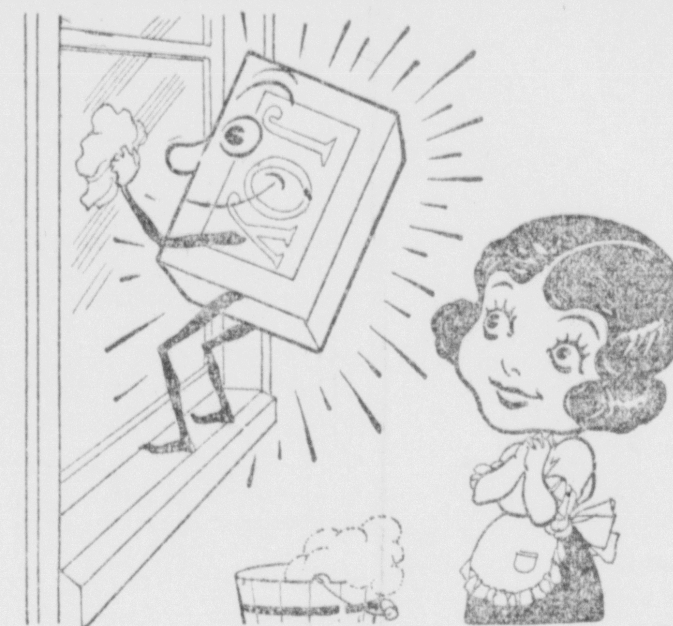

Buy Pepto-Mangan at your druggist's. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.—Advt.

HOLDS LEVER ACT TOO VAGUE

(By Associated Press)

SWIPES GASOLINE IS APPREHENDED LATER RELEASED

Called out of bed about five o'clock Friday morning to head off a suspected automobile thief, Sheriff N. B. Hall, of this city, nabbed his man after a three mile chase only to discover that the machine was not stolen.

Joe Woods of the Jamestown pike had called the sheriff by telephone and stated that a young man driving a Maxwell car had stopped at his gasoline. He gave him the gallon of gas and a funnel and the man took it to the road with the promise to pay when he returned the car. Woods was surprised to see him jump in the car and make for this city. Thinking that he could be one expected an auto thief Woods notified Hall to be on the lookout.

Woods followed in this car and picked up the sheriff who in the meantime had notified the authorities of the surrounding municipalities. The two men located the car and the driver on the Devalon road; he gave his name as Combs and stated that he had driven from Dayton, having stopped over night in Xenia. He explained that he was "broke" and used this means of getting enough to take him home.

He was brought to this city where a dealer identified him as the owner of the car he was driving, and Woods failing to file charges the youth was released.

DR. J. C. ARBUCKLE DISCUSSES CHANGE

Concerning the proposed removal of restrictions on amusements, including dancing and theater-going, from the Methodist Episcopal discipline book, Dr. J. C. Arbuckle, formerly of this city, now field secretary of the Methodist Children's Home is quoted by the Columbus Citizen as expressing the belief that the General Conference in Des Moines, Iowa, which opens May 1st, will remove the restrictions.

Continuing the Citizen says: "This question has been voted upon by the General Conference each year for the last 20 years, Dr. Arbuckle said

When Hope Deceived and Fear Annoyed Trutona gave Portsmouth Woman Convincing Relief.

Portsmouth, O., April 29. — "After everything had failed, Trutona has given me a new lease on life" is the grateful and convincing statement of Mrs. Martha Dare, a well known Portsmouth woman who resides at 1014 Gay Street, Mrs. Dare has been a resident of Portsmouth for the past fifteen years.

"I had a very bad cough and sometimes suffered hemorrhages" says Mrs. Dare. For the last few months my stomach had been in such bad shape that I could eat nothing but the lightest of foods and consequently I grew very weak. Just the day before I began taking Trutona I fell in the yard and had to be carried into the house. I was told that there was no hope of my getting any relief, but Trutona has certainly done it.

"My cough is much better now that I haven't suffered a hemorrhage since I began taking Trutona. I sleep much better now at night and get up in the mornings feeling much more refreshed than I have for some time. I can eat anything I want to now and the food doesn't hurt me a bit. Why, I'm even able to go out walking nowadays. I am surely deeply thankful for Trutona and knowing what it has done for me I feel it my duty to recommend it to any one troubled as I was."

Trutona is now being introduced and explained in Washington C. H., at Frank Christopher's.—Adv.

Thursday. "Ministers are thinking along broader lines than they used to, and I think it will carry this year."

The majority of the delegates from the Ohio conference favor the striking out of the amusement restrictions, according to Dr. Arbuckle.

Dr. Arbuckle, Dr. C. H. Campbell and Dr. B. D. Evans of Columbus, Dr. J. W. Hoffman, president of Ohio Wesleyan University; Dr. Herbert Scott of Zanesville and Rev. J. R. Field, of Mt. Sterling are the delegates from the Ohio conference. They left Thursday morning for Des Moines.

LIBRARIAN BACK FROM OVERSEAS

Mr. and Mrs. Burton E. Stevenson arrived at home Tuesday, after noon, after a 25 months absence in Europe, where they were engaged in war work. Mr. Stevenson being the directing head of the American Library association in its war work.

Both Mr. and Mrs. Stevenson had a very strenuous time in war-torn France, and show the effects of their long tour of duty. Mr. Stevenson returns somewhat heavier, due to the beneficial results of a tour along the Mediterranean to Rome and Naples. On this trip, they visited Veuvius and the burned city of Pompeii.

Mr. Stevenson reports France as rapidly rehabilitating herself after the war, but says it is going to be a long hard pull. He also says that, despite some official change in the attitude of France and Italy toward the United States, the peasantry in both countries are in love with the American doughboy and will never be forgotten by these people or their children for their kindness, good humor and generosity which was a revelation to these people. Even in England, the impress of the doughboy is indelible.

Mr. Stevenson will now devote himself to the city library and his literary pursuits from which he feels he has had a two years' vacation.—Chillicothe Gazette.

Enormous Profits

Just two of many items of the same kind, picked at random from the news dispatches of the day, show clearly where the fault for high prices rests and how easy it would be to apprehend the guilty and "persuade" them to mend their ways.

One item is from New York under date of the 27th of April. It says:

"Net profits of the American Woolen Company for 1919 were \$15,513,415, less reserves for taxes and contingencies according to the annual report.

"Payment of dividends, \$2,800,000 on preferred stock and \$3,200,000 on common and depreciation of \$3,733,611 left a balance of profits for the year of \$5,779,804. Surplus for 1919 amounted to \$12,029,804, which, added to that of 1918 brings the total surplus to \$31,754,426.

Another item from Youngstown, Ohio, states "Directors of The Youngstown Sheet and Tube Company have decided to issue a stock dividend of more than 400 percent, or over \$80,000,000, it was announced today by James A. Campbell, president of the company."

And so on in almost every newspaper one reads reports of fabulous profits made in manufacturing. If those enormous profits were confined to the concerns manufacturing luxuries the news would not be so discouraging to those who hope for lower living costs, but it is not. Woolen fabrics and steel are among the necessities and the swollen profits out of all proportion to invested capital, to energy employed, to ability given or time consumed that they constitute bold robbery of the people who must eat, wear clothing and be housed.

Labor knows of these enormous and unconscionable profits being exacted by manufacturers and the dissatisfaction may, in great measure, be attributed to that fact and, by many people, excused.

There is no excuse to offer for radicalism in the ranks of labor but all fair minded people must see at least an excuse for discontent when the "earnings" of the great manufacturers are made public.

It is wrong to place the whole blame for discontent on those who labor. Our great industries are taking now millions of dollars in profits unearned and unjustifiable, and the employers have, by example, taught their employees the way to money and power by defiance of law and disregard of the rights of the public.

The Cities All Gain

Population figures announced daily by the census bureau tabulators show, almost without exception, tremendous increases in the cities and towns of the nation. The percentage of gain in total population being especially marked in the larger industrial cities. The increase ranging from twenty to two hundred percent over the total population figures of ten years ago. The smaller cities and towns are also with few exceptions showing large increases in population.

We all feel pride in the tremendous growth in population and prosperity shown by our cities and yet when we pause to consider the figures and the increase percentages we cannot be unmindful of the fact that our total national population will not show an increase comparable to even the average increase of the cities and towns.

The answer is not difficult to ascertain. The increase in the cities has been at the cost of the rural districts and instead of finding in the showing of the cities cause for congratulation we should find cause for alarm.

They show, unmistakably, the exodus from the farms, the increase of consumers and the decrease of producers. They promise less food and higher prices, even the possibility that it will develop into a calamity.

The Street Work

Even under the handicap of wretched weather conditions the men, to whom the contracts were let for improving the streets of the city, have gone ahead with their work and have made some appreciable progress, especially in the sections where the streets are to be built new.

They have their material and their men and machinery on the ground all ready to begin in earnest on a big scale at the very first opportunity offered when the whole force can get busy.

The business section streets are practically ready for the first section of the asphalt surfacing. At odd times, between showers and freezes the men have dug out the bad patches of brick and made the whole up-town street section ready for rushing the work.

Washington citizens who go away now on business or pleasure are taking chances, if the weather behaves for a few days in succession, of coming home and rolling through a transformed city over smooth asphalt streets.

We are justified in expecting speedy results when the contractors get to going in full swing.

POETRY FOR TODAY

SPENDTHRIFTS

On Saturdays a ransomed child—
How it will snatch the first spring
flowers,
Spring beauties, bloodroot, gold-
thread—gleam
Hepaticas by handfuls—wild
Shy things that shrivel after hours
Of roving in the hill ravine!

In that fairy April time
Two truant children wandered
dreaming
Of unknown blooms (their hearts' de-
sires)—
Then came the steep, enchanted
climb,
The "red cups"—millions to their
seeming,
A scarlet magic, fire on fire.

And every cup has left its mold,
Torn from its log or leafy setting—
Till pails are heaped, skirts have their
fill,
Each carries all her hands can hold.
Such sorcery there's no forgetting—
Those elfin goblets leap out still.

But now we'd look and pass them by—
Leave them to soft young greedy
fingers;
For single-headed joys are ours
To tell, and when on walks we spy
A gleam, love only broods and fling-
ers
On scarlet cups or pale wood flowers,

'WONDERFUL' SAYS THIS OHIO WOMAN

Was in Desperate Health Three
Weeks Ago, But Is Now
Strong and Well.

"Three weeks ago I was almost desperate over the dreadful condition I was in, but today since taking Tanlac my health is just fine and all my friends and neighbors are complimenting me on how well and strong I am looking," said Mrs. Katherine Karinkowski, of 235 East Park St., Toledo, Ohio, a few days ago.

"It was seven years ago that my health failed," she continued, "and in spite of everything I could do I kept growing worse until I could hold out no longer. My stomach was so badly upset that even milk-toast disagreed with me most of the time and I simply had to force down enough to keep from starving. Many times while I was sitting at the table I had blinding, dizzy spells and would have to get up and leave. I had awful cramps in my stomach and always felt nauseated after eating. My kidneys were badly disordered and I suffered agony with pains all through my back and sides. I was trying to have some dental work done but had to give it up, as I was so weak and nervous I was on the verge of a breakdown.

"Three weeks ago my son brought me a bottle of Tanlac and said he had heard so many people praising it for the good it had done them that he wanted me to try it. So I began taking it and it doesn't seem possible that any medicine could do what it has done for me, after I had suffered so long. But my improvement has been so wonderful that today I am feeling better and stronger than I have in seven years and am just so overjoyed I am telling the whole neighborhood about Tanlac. I can eat just anything I want and digest it without a particle of trouble or without feeling nauseated or dizzy afterwards. My kidneys are in splendid condition and the pains in my back and sides have all left me. I am not the least bit nervous, am gaining in weight every day and can recommend Tanlac with all my heart."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, and in Oeta by I. W. Murphy.—Adv.

ONE OF MANY LETTERS

Miss Rose Florke, 209 Hawkins Ave., N. Braddock Pa., writes: "I had a cold in my chest and fearing it would cause pneumonia I tried Foley's Honey and Tar and it was not long till I felt relieved." "I was told by our family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of Mayr's Wonderful Remedy. Since taking it I am feeling like a two-year-old. I am sure I never could have survived an operation." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary and Frank Christopher.—Adv.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Sunflower Lodge No. 541, Knights of Pythias, conferred the rank of Knight upon five candidates at a big lodge meeting and smoker at their hall in Jeffersonville Thursday night.

The occasion was notable in its large attendance, excellent work and interest. A hundred and fifty Knights participated, including forty from this city, and a number from Sedalia, Madison Mills, Jamestown and South Solon lodges.

The home team, of Jeffersonville put on the work splendidly, under the able direction of Master of Work, Knight F. E. Eichelberger; the candidates Willard Kirk, Harry Bush, Roy Allen, Clarence Allen, Mr. Kemp.

The evening was most successfully closed in a smoker of distinctive fraternal pleasure and much merriment, with an appetizing luncheon completing the satisfaction of the inner man.

Sunflower Lodge is in a flourishing condition very gratifying to the order and their friends.

Regardless of the fact that the Outja board is enjoying a reign of unusual popularity, due to the acclaimed recent manifestations of the so-called spirit world, there are no outja boards at Bryn Mawr College.

Bryn Mawr students show scorn for fads, and board rappings fail to convince these young women that these manifestations are genuine.

Inquiries among under-graduates reveal a distrust of the so-called spirit world akin to scorn. Nor is this lack of esteem in which spiritism is held due to frivolity or irreverence. Spiritual matters have a large share in the thoughts of the under-graduates and there is a marked absence of the intellectual agnosticism which was such a fad among college students the world over a few years ago.

The Masonic social club dances are growing in popularity immensely the affair of Thursday night bringing out the largest crowd since the opening New Year's Ball and giving the dancers such a royal good time that it is a safe conclusion they'll all be there for the next one.

The Peerless Jazz, of Columbus, furnished fine music and the buffet lunch was unusually good. Wilmington, Sedalia, New Holland and other near by towns were represented in the attendance.

Thursday was an ideal day for the group meeting of the Woman's Foreign Missionary Society of the Chillicothe district of the Grace M. E. Church held at Five Points.

Mrs. Carter, of Mt. Sterling presided at both the morning and afternoon sessions. Splendid reports from the different auxiliaries were given during the morning. The women ad-

joined to the basement for a box luncheon at noon, and a pleasurable social time before the afternoon session.

Mrs. Baker of Bethel introduced the program with a beautiful vocal solo, which was followed up with round table discussion, and very interesting reports and papers on the Hospital work in Foreign lands.

Two young women from the London auxiliary gave a very impressive reading one representing the Red Cross work over seas, and the other the Cross of Christ.

Mrs. Fisher, a fluent speaker, of Waverly, made the address of the meeting, emphasizing the work of the society in foreign lands and impressing upon the women the great need of this work.

The meeting throughout was inspirational and helpful.

France is finally giving some attention to extending the franchise to women. The new republics that have arisen from the ruins of the monarchies of the Old World have given women many of the franchise privileges, but France, where liberty, equality and fraternity are beacon lights has not given women the recognition which their intelligence and devotion seem to warrant. The Frenchmen are gallant but never seemed to think their women cared to vote. French women may have their opportunity shortly, however, as the new suffrage bill starts out with the backing of sixty-five Deputies.

The Ladies Aid Society, of Millersville, on Wednesday celebrated their fourteenth anniversary. The celebration was in the form of a banquet at the home of the President, Mrs. Wm. Burnett at Plymouth. There were three charter members present, Mrs. Frank Powers, Mrs. E. Culbertson, Mrs. Martha Yarger. The old officers were re-elected for another year; Mrs. Wm. Burnett, President; Mrs. H. V. Hankins, vice-president; Mrs. R. C. Tefft, secretary; Mrs. Ewing Fitch, assistant secretary; Mrs. Chas. Ford, treasurer.

In appreciation of their services rendered during the past year, a vote of thanks was given by the society.

A short programme was rendered, including readings by Mrs. Sam Allen, Mrs. E. Culbertson and Mrs. Harvey Hammond; vocal solo by Rev. Floyd Gale; vocal duet by Mrs. Powers and Mrs. Yarger; vocal solo by little Ruth Gale.

The occasion was greatly enjoyed by all present. The out of town guests were Rev. and Mrs. Floyd Gale, Mrs. V. Hopper, of Washington C. H., and Miss Besse Blue, of Plymouth.

The young women of the Y. W. C. A. above the high school age are invited to join in a hike which is being planned for Monday evening.

The party will leave the Y. W. C. A. rooms at 5:30 and hike to a beautiful country site, the location of which remains a secret, where they will cook their supper.

All young women connected with the Association above the age designated, will be made welcome and are asked to call Miss Townsend, secretary, at the Y. W. C. A. rooms or Miss Miriam Fite at Fite's grocery not later than Monday noon.

Among local Shriners in attendance at the Shrine meeting in Columbus are Messrs. W. H. Dial, H. C. Anthony, J. A. Worrell, A. W. Duff, Frank Jackson, R. T. McClure, Charles Brown, Erk Edwards, Hays Dill, Frank S. Jackson, E. L. Bush, Walter D. Craig, T. H. Craig Jr., Lang Conrad, Earl Chenaull, Chas Phillips, Drs. W. E. Robinson, P. M. Cook, G. H. Pierce, S. M. Taggart, of Jeffersonville, Jas. McDaniel, of Bloomingburg. The class is unusually large this year between five and six hundred, including five candidates from here.

High Fuel Efficiency Makes Motoring Pleasure

Jump into your car, a few revolutions of the motor and without waiting for it to "warm up" you are away in a second or two. No getting out to crank—a sure start even if the motor is cold. After getting under way, you get over the ground quickly and reach your destination ahead of schedule if

Your Tank is Filled With Efficient Liberty Gas

Liberty's low temperature vaporization enables it to "break up" quickly into the right mixture. The instant this reaches the cylinders it is converted into power aplenty.

This high efficiency and fine quality fuel is just the result of super-refining—not mixing or compounding. Liberty is just pure, dry, powerful gasoline. And it's best for all motors, including yours, in all weathers, including the present.

You may know motoring comfort as afforded by high fuel efficiency only by filling up at our service stations.

Dowden, Lela Backenstoe, Cora DeWitt and Jessie Colwell. The husband died six years ago. She also leaves one sister, Cynthia Greiner, two half sisters, Katharine Vincent and Martha Arachood, and one half brother, John White four grand-children and six great grand-children.

While quite young Mrs. Lucas united with the Methodist Episcopal Church and has remained true to her Lord and the Christian faith. She was not unwilling to go, her trust remaining firm to the end. She had hosts of friends and was loved by them all. She died April 25th, being 78 years and thirteen days of age.

CARD OF THANKS

We wish to extend our sincere thanks to all those who so kindly remembered and assisted us during the trying hours of the sickness and death of our beloved Mother, Mrs. Wm. Lucas.

DRIVER INJURED WHEN LOAD SLIPS OVER THE HORSES

When his team was prodded by a load of plank which slipped from the wagon at the B. & O. railroad crossing on South North street Friday morning, due to the bad crossing, the driver, Jake Davidson, employed by the Andrews Asphalt Paving Company was rendered unconscious and was terribly cut about the head and face, while attempting to jump to safety.

With his face streaming with blood from the numerous cuts and bruises the injured man was removed to Dr. Rowe's office where first aid was rendered.

Davidson was driving a team belonging to Wallace Wolfe and was hauling a load of plank used by the Andrews Company in their street work. The rough railroad crossing at the B. & O. tracks on South North street caused the planks to slip forward on the horses and they started to run. Davidson was in danger of being pitched under the team and decided to jump. He leaped but caught his feet in the trace chain and was hurled to the ground. Nearby workmen stopped the runaway.

No bones were broken and Davidson's injuries are not regarded as serious.

SAFETY

With Large Money-Making Possibilities

- Every Investor seeks the maximum possible income on his investment; at the same time, he should not be led away by large promises, but should analyze every offering and make SAFETY the first consideration. We offer you an ideal investment opportunity in a proposition that combines SAFETY and a possibility of net earnings as high as 24 percent per annum.
- THE FARM MORTGAGE COMPANY uses its capital exclusively for mortgage loans on improved producing farm property, one of the safest forms of investment known. The company is actively engaged in business, making loans, and can put every dollar of new capital immediately to work at very good profits. The company agrees to pay you interest at the rate of seven per cent from the date of all cash or installment payments on stock subscriptions. Such interest payment is made out of net earnings AND IS SEPARATE FROM AND IN ADDITION TO ANY DIVIDEND THAT MAY BE DECLARED ON THE STOCK. Similar companies in other parts of the country show a uniform record of success, WITH DIVIDENDS RANGING AS HIGH AS 24 PERCENT ON THE ORIGINAL INVESTMENT.
- FARM MORTGAGE stock is all COMMON, and you thus share in all the net earnings, and not only in a part as when you buy the usual Preferred Stocks or Bonds. The stock is nontaxable in Ohio; nonassessable and is free from the Normal Federal Income Taxes.
- Last year we organized and financed THE AMERICAN MORTGAGE COMPANY (city real estate loans exclusively), and we consistently urged our Clients and the Investing Public to buy at the initial offering of \$100 per share. AMERICAN MORTGAGE subsequently advanced to \$105 per share, and then to \$110, and the entire authorized \$1,000,000 capital was subscribed. AMERICAN MORTGAGE is now on a cash dividend basis of NINE PERCENT and will earn around 20 percent this year; it is now selling for \$110 per share. It is a splendid investment, but WE PREDICT AN EVEN GREATER SUCCESS FOR FARM MORTGAGE STOCK BECAUSE THE COMPANY HAS A WIDER FIELD OF OPERATIONS AND THERE WILL BE A QUICKER TURNOVER OF CAPITAL.
- We advise you to get in your order at once for some FARM MORTGAGE stock, now selling at par \$100 per share, payable in cash or convenient installments. YOU ARE INVITED TO WRITE OR CALL AT OUR OFFICE FOR AN INTERESTING FREE CIRCULAR, DESCRIBING THE FARM MORTGAGE COMPANY.

BLOOMINGBURG B. OF E. HOLDS BUSY SESSION

At one of the busiest sessions of
the Bloomingburg Board of Education
with County Superintendent of
Schools O. S. Nelson in attendance,
action was taken by the members
Thursday evening to retain the entire
corps of teachers for next year and
to employ at least one or possibly
two additional instructors; to sub-
mit the \$60,000 bond issue to votes
of the Bloomingburg school district
a second time, the date to be decided
at the next regular meeting on May
10, and to refuse the resignation of
J. Howard Jefferson, president of the
board, tendered to the board.

Teachers affected by the recommen-
dation of the board for retention are
Superintendent Sherman O. Lining,
Principal Irene Longnecker, Ethel La-
Velle, Virginia Given, Esta Henkle-
man, Fred Higbee, Leafy Murphy, Vi-
ola B. Hester.

The board was very favorable to
resubmitting the bond issue of
\$60,000 for improvement and en-
larging the Bloomingburg High
School building. The issue was de-
feated in three out of four precincts
when it was before the voters on the
17th of this month.

J. Howard Jefferson, who has serv-
ed as president of the school board
since January, tendered his resigna-
tion to the board, but it was not ac-
cepted.

MAN 28 WOULD WED GIRL BUT FOURTEEN

Although they were ready to get
the license, even to bringing the moth-
er of the prospective bride along to
give her consent, a man and girl who
applied for a marriage permit at the
Probate Court Thursday were turned
away when Judge Rell G. Allen flash-
ed the birth certificate of the girl be-
fore them and proved that she was
about two years younger than she pro-
fessed to be.

The would-be-groom gave his age
as 28. The one who wanted to be his
wife said she was 16 and the mother
was ready to affix her signature but
she looked younger to the Judge.

A short search brought to light the
birth certificate and the fact that the
girl was but fourteen years old.

The trio was dismissed with the ad-
vice that in this state the woman must
be sixteen years old before she may
marry even with the parent's conse-

BELL CELEBRATES SEVENTEENTH YEAR

Next Tuesday evening will mark
the completion of the 17th year that
Noah Bell, colored, patrolman, has
served on the police force of this city.

When Patrolman Bell became a
member of the force Mayor Bateman
was in office and the town was wet
with no end of drunks and disorders
on the streets. Joe Bloomer was on
the force at the same time.

It was a common occurrence for the
police to quell three or four distur-
bances in one evening and while doing
this Officer Bell received many scars
which he still bears. Three bullet
wounds and two long scalp wounds
testify to his narrow escape from
death.

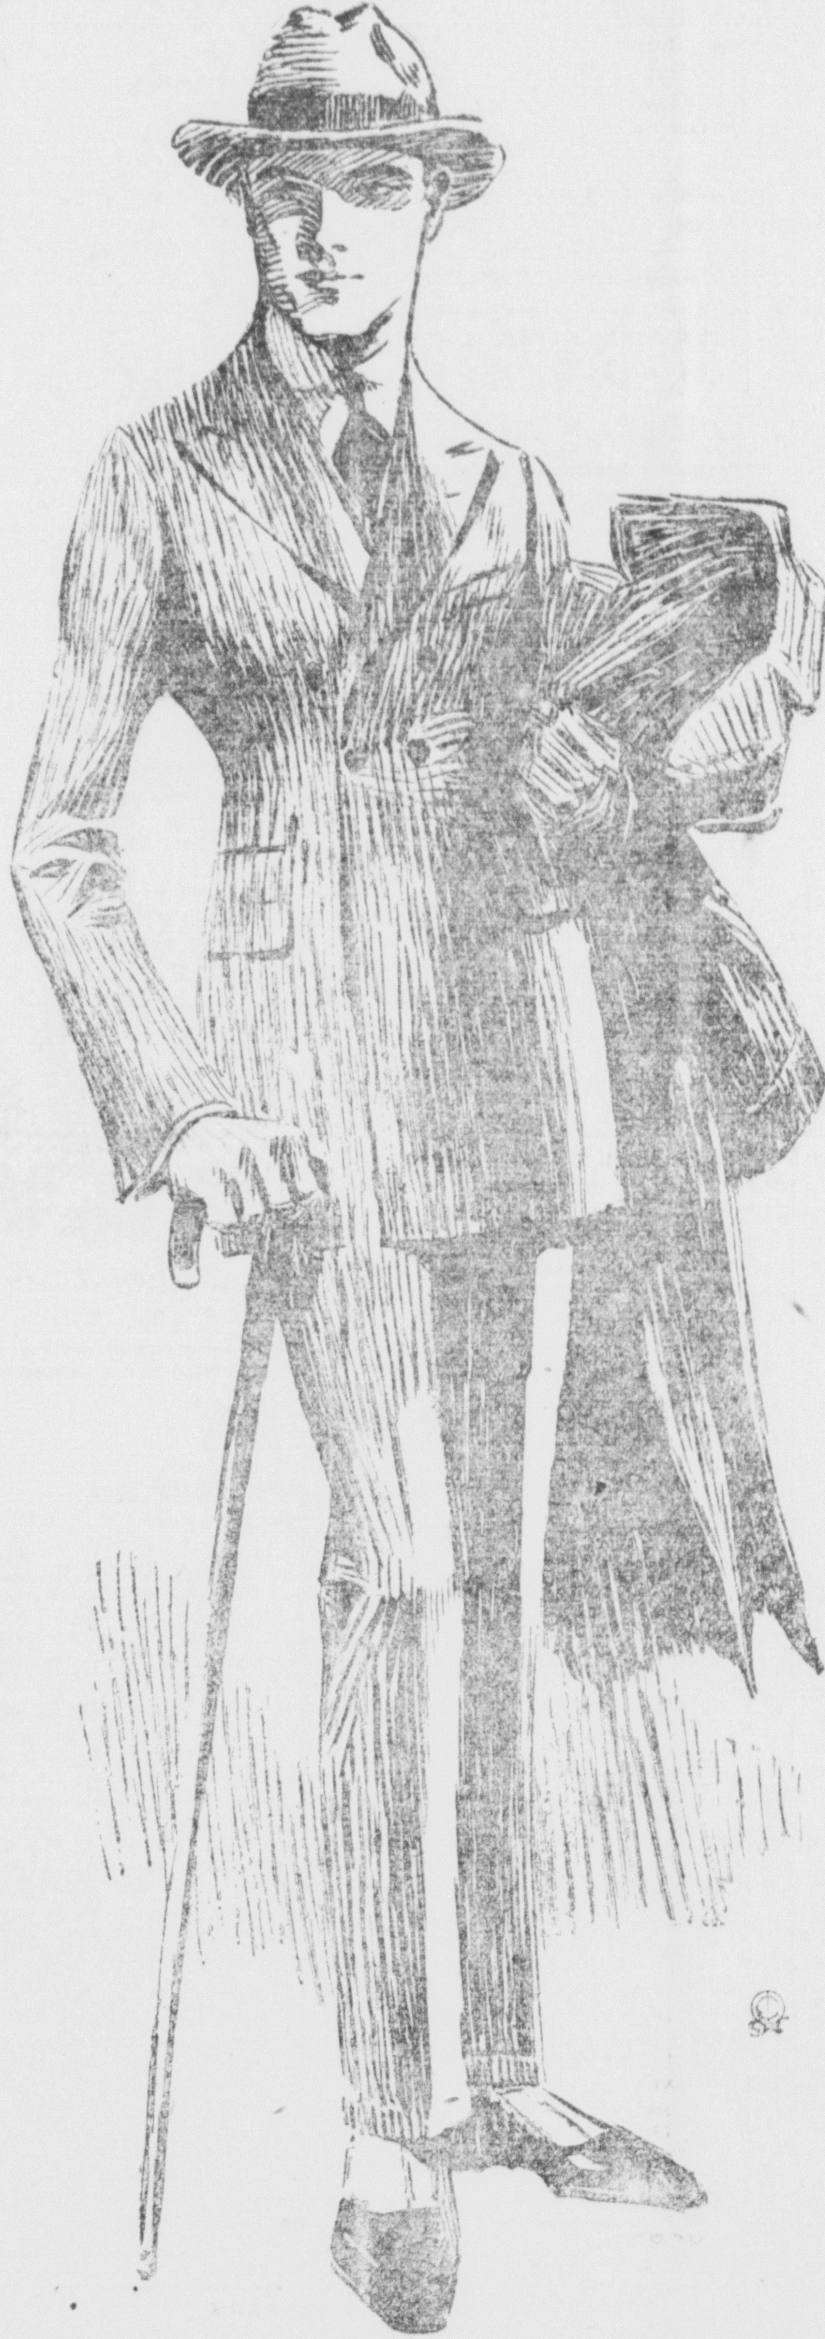

The free \$10.00 pant sale at Nation-
al Woolen Mills will be extended one
day longer, including Saturday May 1,
closing at 10:00 o'clock p. m.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

I. O. O. F. CELEBRATES ORDERS 101ST YEAR

Celebration of the 101st anniversary of the founding of the Odd Fellow Lodge was made by the Jeffersonville I. O. O. F. order Wednesday evening with an attendance from all over Fayette County.

The crowning event of the evening was the supper served by the Rebekahs when the formal program had been rendered and the time was given over to social pleasure. More than 150 persons the members of the Order and their wives, were in attendance.

In a neatly arranged dialogue form Lonson Day and Luther Ervin recounted the history of the I. O. O. F.

Hon. C. A. Reid of this city was eloquent in the main address of the evening.

Shorter talks were made by R. E. Correll, Dr. C. A. Teeters, and C. R. Marshall.

Mrs. J. A. Wissler, of near Bloomington rendered a much appreciated piano solo.

CONGRESS CAUSED INCREASE

Washington, April 30.—Defending his own action in accepting 17 and 18 cents as fair prices for Louisiana sugar, Attorney General Palmer testified Thursday before a house investigating committee that President Wilson would have bought the entire Cuban crop last year at a low figure if congress had not ignored his request for necessary legislation.

The free \$10.00 pant sale at National Woolen Mills will be extended one day longer, including Saturday May 1, closing at 10:00 o'clock p. m.

"I FELT LIKE I WAS BURNING UP IN MY STOMACH"

Well known lady suffered from gastritis, indigestion, nervousness, poor appetite, loss of sleep and general rundown condition.

Declares she feels like new since taking Dreo, the great root and herb tonic.

Dreo, the new herb medicine, has been reported to accomplish so much good that it is often called "The Miracle Medicine" by grateful men and women who have used it. Its power to wipe pain and sickness from the human system seems in many cases to justify its name. It is acknowledged one of the safest and quickest general system reconstructants known to the medical profession today and its greatest good is perhaps accomplished in those cases of stomach disorder that affect other parts of the body.

There is no telling what a deranged stomach will bring on. Constipation, kidney disorders, liver trouble, catarrh, nervousness, yes, and even rheumatism has often been traced directly to a disordered stomach.

"I am now feeling just fine since taking a treatment of Dreo," said Mrs. H. Hester, who lives at 139 Davis Ave., Dayton, O.

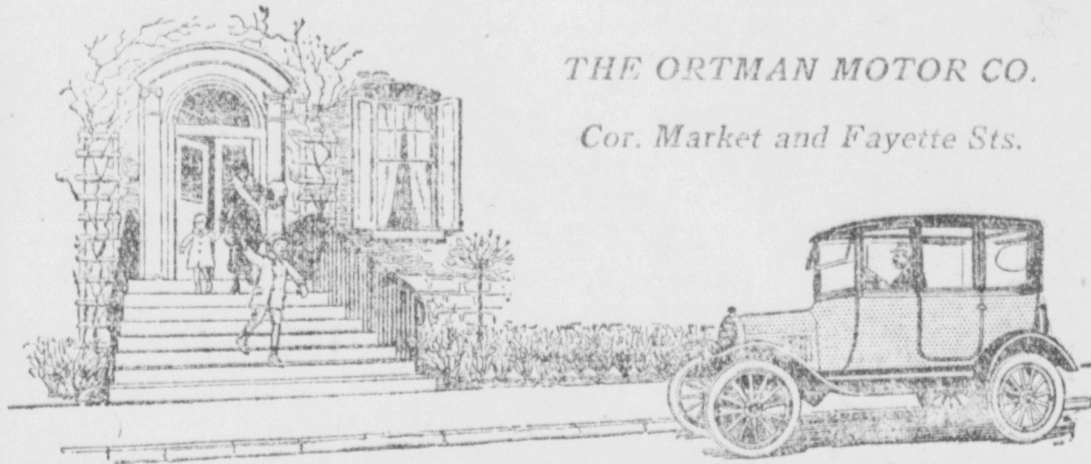

"For some time I've had a lazy liver which gave me headaches and dizzy spells. My stomach was in bad condition, the food lying there fermented and I felt like my stomach was burning up sometimes. I kept denying myself the things I craved for fear of the misery afterwards till I got weak and rundown and lost weight, then I became alarmed; I got quite nervous and couldn't sleep much, but I'm back to my old self again since Dreo got to work on me. See, but how I can eat now, and the beauty about it all is that it does not hurt me as before. I never have a dizzy spell nor a headache and I sleep sound all night long. I give my praise to Dreo for the great good it did me."

All good druggists now sell Dreo and it is being specially introduced in this city by
